Everything begins in that moment of excitement when we buy our tickets, when the stage lights come on; the music plays and the artists appear with their songs, which have accompanied us during some of the most emotional moments of our lives. Or at that moment when the curtain opens to a theatre or dance performance that evokes in us feelings of raw emotions..

...

**We have all experienced the ritual that proceeds the unforgettable moments of a performance that we often share with the people we love. That experience becomes complete when we can enjoy it in the coolness of a summer night under the moonlight, in the intimacy of a small place such as the Lighthouse.**

**We have everything, and the only thing that is missing is you.**

**Welcome to a new edition of the Calella Summer Nights Festival.**

**Marc Buch Rigola**

The spirit of **“El Último de la Fila”**! The great successes of Manolo García and Quimi Portet are with us once again, thanks to “El ultimo Tributo” (the last tribute), listed as one of the best tribute bands in the country.

Their success resides in their powerful direct performances, with a sound which is very faithful to the original in every nuance. Their voices will reach the followers of Manolo García because of a great resemblance. No one remains the same after the experience of a concert given by *El último tributo*.

No “manolero” should miss this, do not lose out, because no exit by *El último de la fila’s* will be missing from this performance!

\*Standing only. Early entry for the first 200 people at €15 and the remaining tickets at €18.

**SANTIAGO AUSERÓN**  
**Cantautor**

***Border lights***

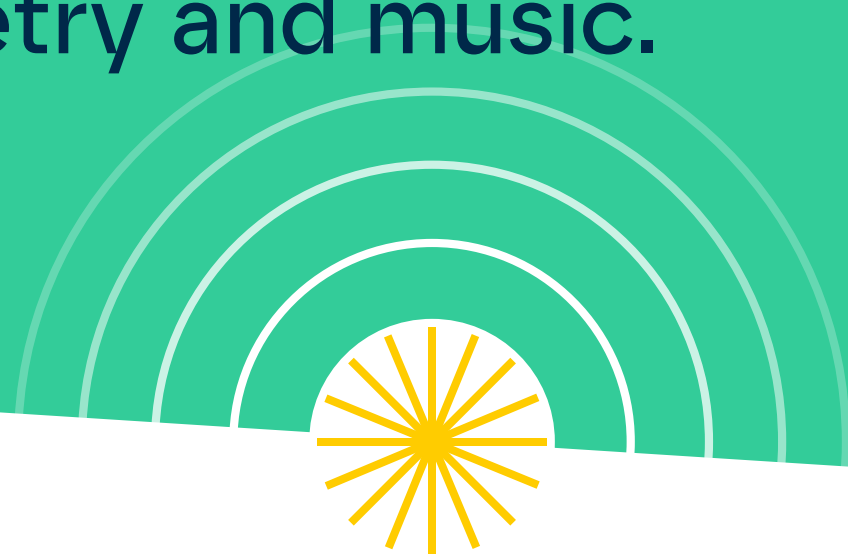

An anthology of songs and travel stories by **Santiago Auserón** on guitar and in voice format.

One of the references of Spanish pop-rock and singer of the legendary band Radio Futura visits us exclusively at our festival. Santiago Auserón shows us his mixture of stage characters of Iberian minstrel, bluesman and sonar. In his solo concerts, accompanied by his guitar, he produces a show rich in dimensions and nuances. The songs follow each other like a production made up of travel scenes.

In his latest compositions, lyrics and melodies surprise once again for their originality.

Returning to the bare musical format, they regain the freshness of the first sketches, which then evolved into a mature musical armour.

Santiago Auserón presents his songs with improvised stories that combine lyricism and humour, sharing innovative ideas. His loyal audience has gradually become a kind of brotherhood with no rules other than the shared experience of poetry and music.

**FRIDAY - 19/07**  
**22.00 h / Calella Lighthouse**  
**€17 and €19**

**MONICA GREEN**  
**Soul**

***We are all soul***

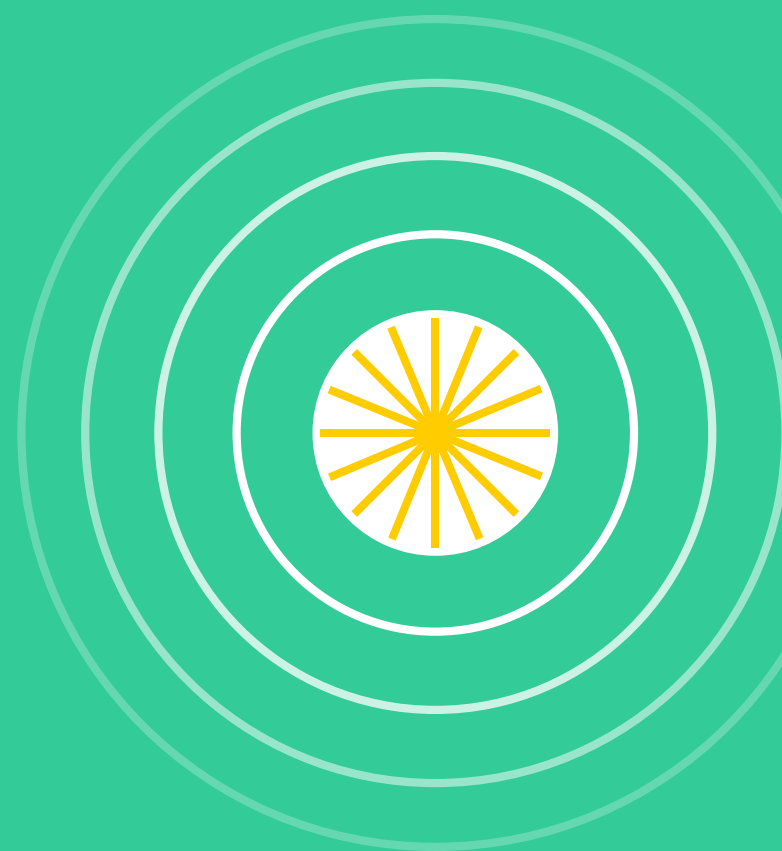

The prestigious American singer, living in Catalonia for many years, is considered one of the great voices of soul. She presents us with a compilation of jazz, soul, blues and rhythm & blues tracks from the main hits of black music from the 60s, 70s and 80s that have formed part of her life.

Accompanied by her spectacular band, in this new show **Monica Green** presents us with a fresh and attractive format, to which the audience will dance, sing and fully integrate thanks to the powerful live performance of her band The Project Soul.

Few artists can boast of three decades of experience and absolute success. A show with a lot of energy, love and affection, the likability and connection she instantly creates with the audience will make for a night to remember.

### **On the les Arts stage:**

From 21.00h to 22.00 h following the Monica Green concert, a performance will take place by **Clara and Judit**, two sisters who will offer us versions of songs from now and forever.

**SATURDAY - 20/07**  
**21.00 h / Dalmau Park**  
**€20 and €24**

## **MISHIMA + QUIMI PORTET**

**Double concert  
of Catalan Pop-rock**

A night of Catalan pop-rock with two of our country's most iconic bands. A fantastic night in a magical place such as the Dalmau Park.

A restaurant area with food trucks and bar service will be available.

We will open doors at 20.00 h with DJs before and after the concerts.

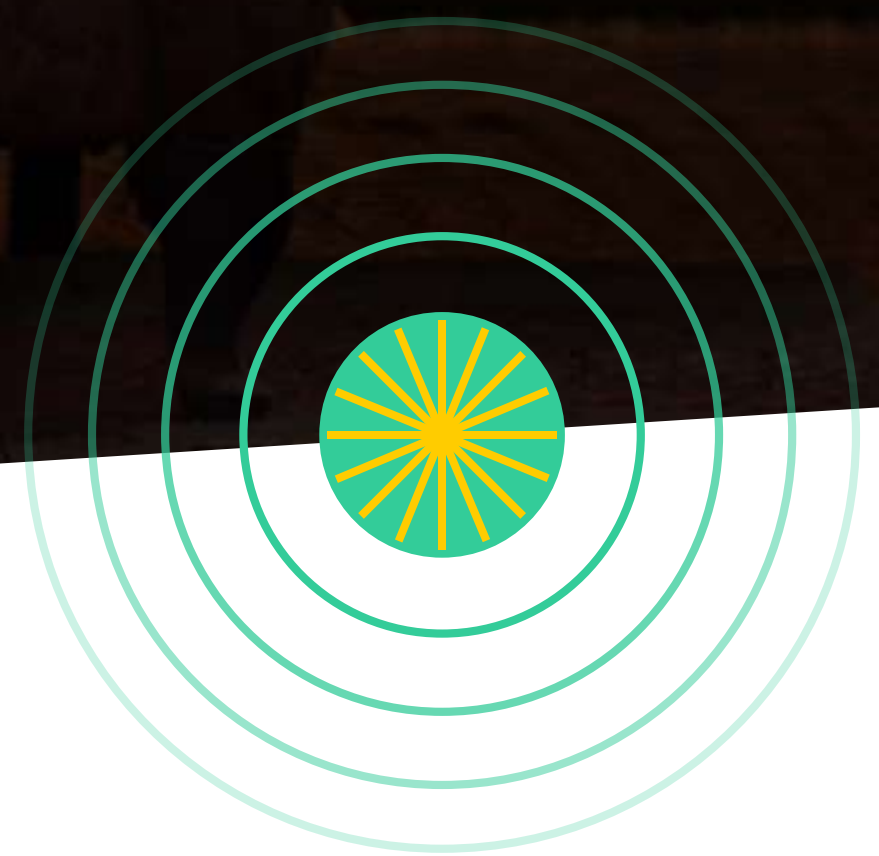

**Mishima** will present their latest album *L'aigua clara* “*Clear Water*” (TRIS, 2022), with live music, a cluster of sensations halfway between communion and catharsis. David Carabén (vocals and guitar), Marc Lloret (keyboards), Dani Vega (guitar), Xavi Caparrós (bass) and Alfons Serra (drums). From the format of short distance from the public, they remain faithful to the close contact format with the spectators, offering a repertoire that is already history.

**Quimi Portet** brings us *If it rains, we will do it at the Pavilion World Tour*, title of the new double live album that he published at the end of 2020: the first live album of his career and also his first compilation of “greatest hits” (with two unreleased tracks). Recorded throughout the course of several concerts during the 2018-2019 World Tour with a power trio completed by Jordi Busquets (guitar) and Ángel Celada (drums), this beautiful music illustrates the transmutation into a genre in itself of an artist who, beyond the millions of records sold with Los Burros, Los Rápidos and El Último de la Fila, has never stopped being faithful to his own universe.

**FRIDAY - 26/07**  
**22.00 h / Calella Lighthouse**  
**€17 and €19**

**ALBA CARMONA**  
**Flamenco**

***Cantora***

A student of roots music, **Alba Carmona** has moved for years between the sounds of popular music and modern music. She has stepped onto countless stages around the world and recorded albums with artists such as Perico Sambeat, Carlos Saura, Chano Domínguez, Las Migas, Maurici Sotelo or Miguel Poveda.

Alba presents her second album *Cantora*, a tribute to popular songs and to the richness and personality of these songs. People sing and dance to have fun, but also as a ritual, as a belief and as an ideological conception, as a claim and a complaint, as a manifestation of love...

This show starts with traditional Spanish music and flamenco, and travels to various places in the world where the soundscapes are transformed whilst keeping all these essences in common. Andean, Ibero-American and Spanish songs brought to a more contemporary and current reading lead us into this raw and exciting concert in which the voices, the guitar, the violin and the percussion will be the vehicle that transports us to the roots of the music.

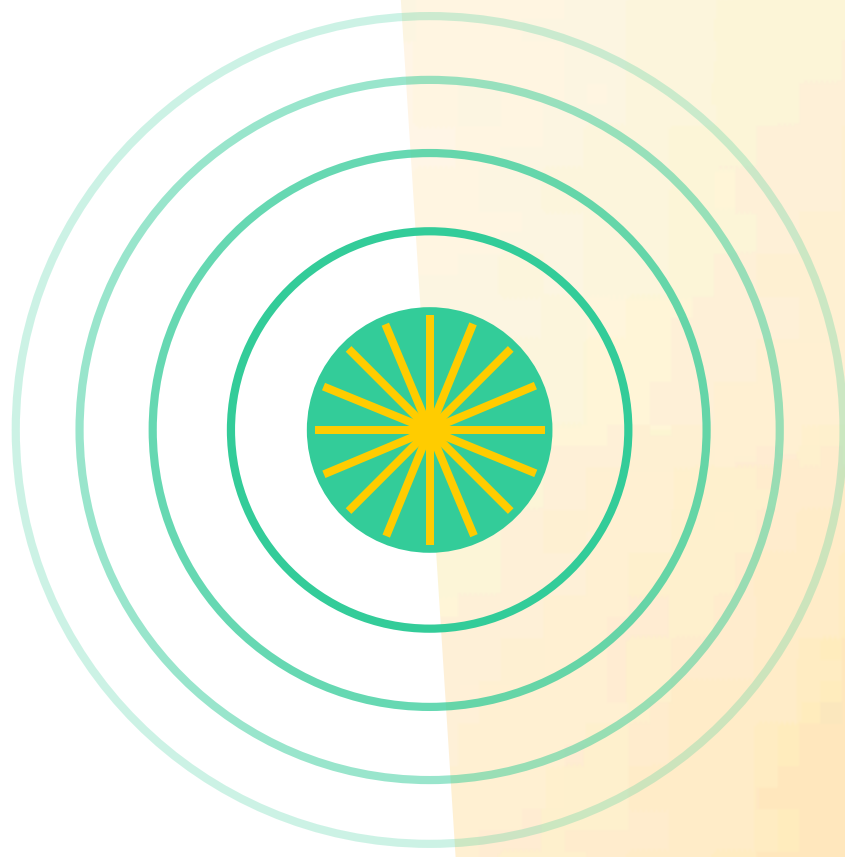

**On the les Arts stage:**

From 21.00h to 22.00 h following the Alba Carmona concert, a performance will take place by the duo formed by **Xènia Torres (voice) and Lourdes Bartrolí (piano and voice)**, offering us a wide repertoire of different styles (pop, standard, singer-songwriter). An interpretation filled with essence and sensitivity.

**FRIDAY - 02/08**

**21.00 h / Calella Lighthouse**

**€15 and €17**

**Double concert!**

**IRIE SOULJAH**

**+**

**HUG**

**Reggae & rock**

**\*Standing only. Early entry for the first 200 people at €15 and the remaining tickets at €17**

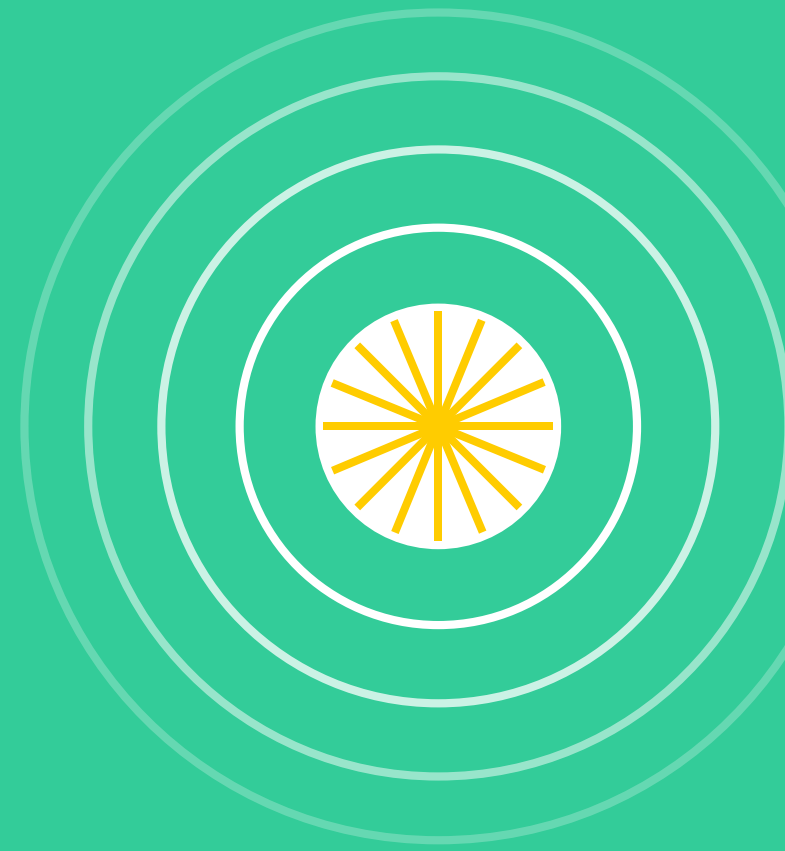

**Irie Souljah** is the stage name of Pep Grau from Calella, artist, singer and producer of international renown in the world of reggae and Jamaican music, with a decade of experience touring Europe, the United States and Central America, and performing in the most prestigious festivals of the genre. His first album, *Immigrant*, did not leave anyone indifferent. Nominated for best new reggae artist at the Caribbean Music Awards, the artist from Calella has recently signed a contract with the American label Ineffable Music, possibly the most important reggae label in the United States, with which he has already released his second project called *All About Love*, an EP with more musical nuances and touches of Afro Beat, Dancehall and R&B.

**Hug** is the new musical project of Hugo Nubiola, a multi-instrumentalist musician from Sant Pol de Mar. After a three-year break in the creative field since the dissolution of the Imperial Jade group, Hugo Nubiola returns to the scene with a project of his own. Hug's music is personal and introspective; he composes, self-produces and records almost all the instruments of his songs with the aim of showing us his vision of the world. Hug's music comes from very diverse influences: from blues and jazz to classic pop and rock, passing through folk and psychedelia. This summer, for the first time, he presents his first LP in band format, with members of Imperial Jade.

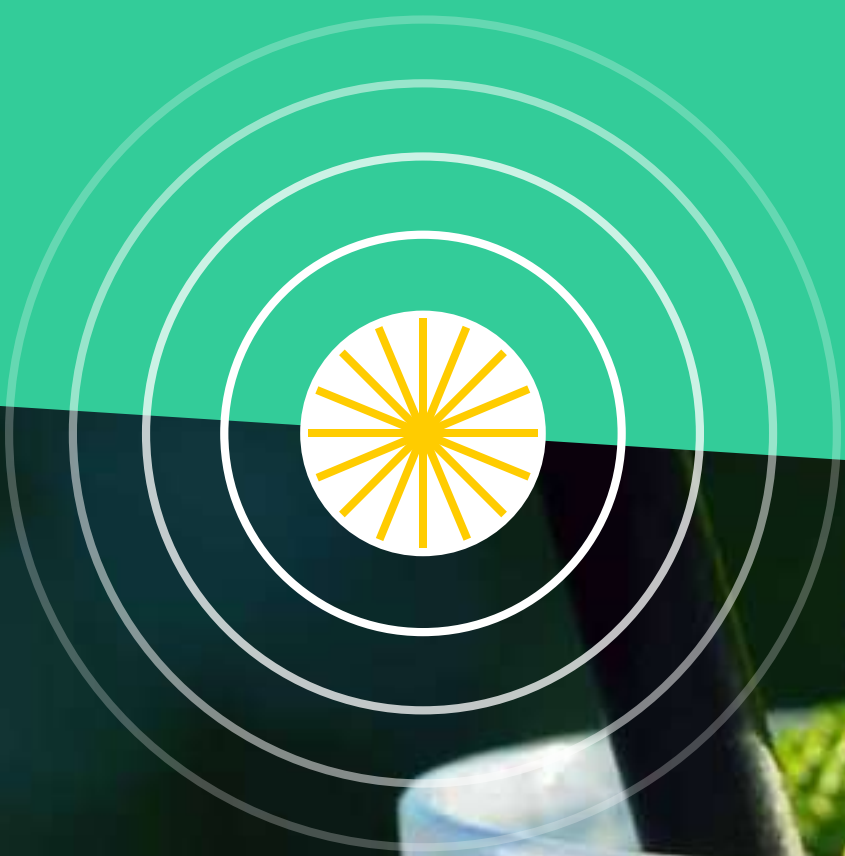

### **On the les Arts stage:**

At 20.30h, a performance will take place by  
the group from Calella

**Punyent,**

***Auto-fiction***

*Auto-fiction* is an autobiographical show by **Pep Plaza** (idea, original script and interpretation) in which his real and fictional characters appear, telling, from one gag to another, authentic and also invented anecdotes. It is Pep Plaza in a pure state. A very agile and fun show, very close to the audience with Pep on guitar and the guarantee of lots of good humour, laughs and entertainment.

**FRIDAY - 09/08**  
**22.00 h / Calella Lighthouse**  
**€15 and €17**

**A CONTRA BLUES**  
**Blues & rock**

***Spitfire***

They've done it again! ***A Contra Blues*** is a rock and blues band formed in Barcelona in 2005 that has undoubtedly become one of the best bands on the current European scene. They are endorsed by the European Blues Challenge 2014 winner's award.

After celebrating their 15th anniversary with a compilation album in which they revisited some of their most celebrated and accompanied tracks, *A Contra Blues* releases the next album named *Spitfire*, synonymous with free, wild and saviour.

We find a mature band, already established at its best compositional and interpretative level, which offers us an unbeatable live performance, with this collection of new songs that will delight the most demanding audience and that will make everyone dance at will.

Don't miss it, now is the time!

**FRIDAY - 16/08**  
**22.00 h / Calella Lighthouse**  
**€17 and €19**

**CHANO DOMÍNGUEZ  
& MARIOLA MEMBRIVES**

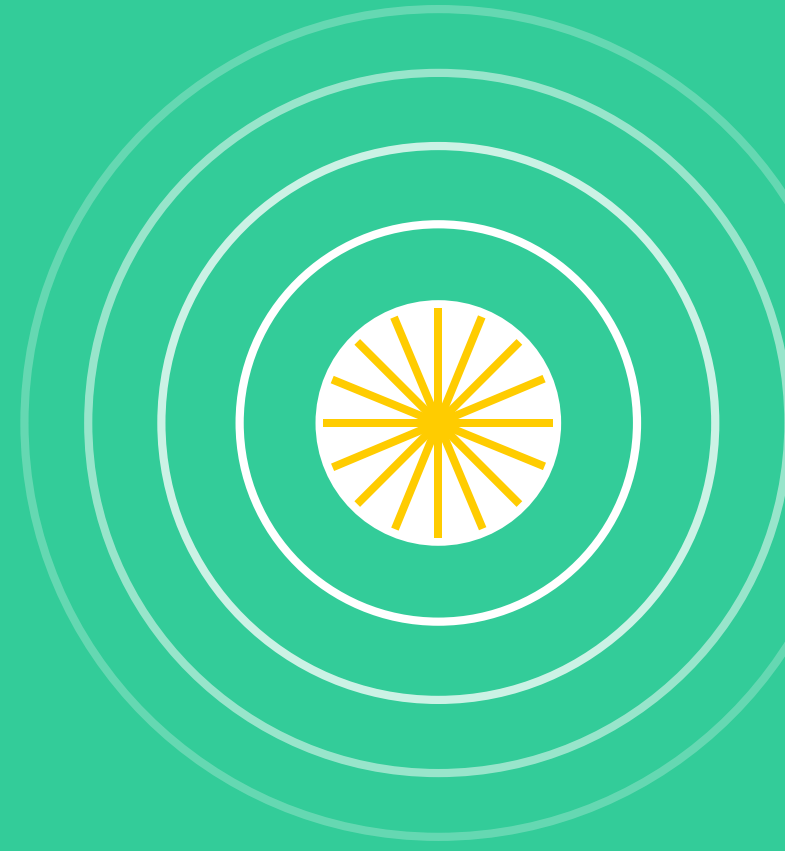

The union of **Chano Domínguez and Mariola Membrives** is a natural union between two artists who share the restlessness of research and creation from common references such as flamenco, jazz, folklore and song. The pianist from Cádiz, now resident in New York, is the most recognized international exponent, twice nominated for the Latin Grammys, for bringing jazz and flamenco together in the most natural and organic way.

Mariola Membrives, for her part, has emerged as one of the most revealing voices of recent times. Trained as an actress and singer, she became known on the music scene with the publication of her album *Llorona* a duo with the Japanese double bass player Masa Kamaguchi who has aroused admiration and enthusiasm for his participation in the *FreeBach* shows by La Fura dels Baus and Federico García by Pep Tosar.

The duet premiered at the Grec amphitheater in Barcelona as the opening concert of the *Mas i Mas Festival*. His repertoire includes pieces by Thelonious Monk, Atahualpa Yupanqui, Marta Valdés, Victor Young and Violeta Parra

## On the les Arts stage:

From 21.00 to 22.00 h, after the Chano Domínguez & Mariola Membrives concert, there will be a performance by

**Maria Keck & Jorge Quesada.**

A flamenco-world music fusion, based on the interaction between dance, piano and song.

**SATURDAY - 17/08**  
**22.00 h / Calella Lighthouse**  
**€20 and €22**

**MOMIO,**  
**TRIBUTE TO QUEEN**

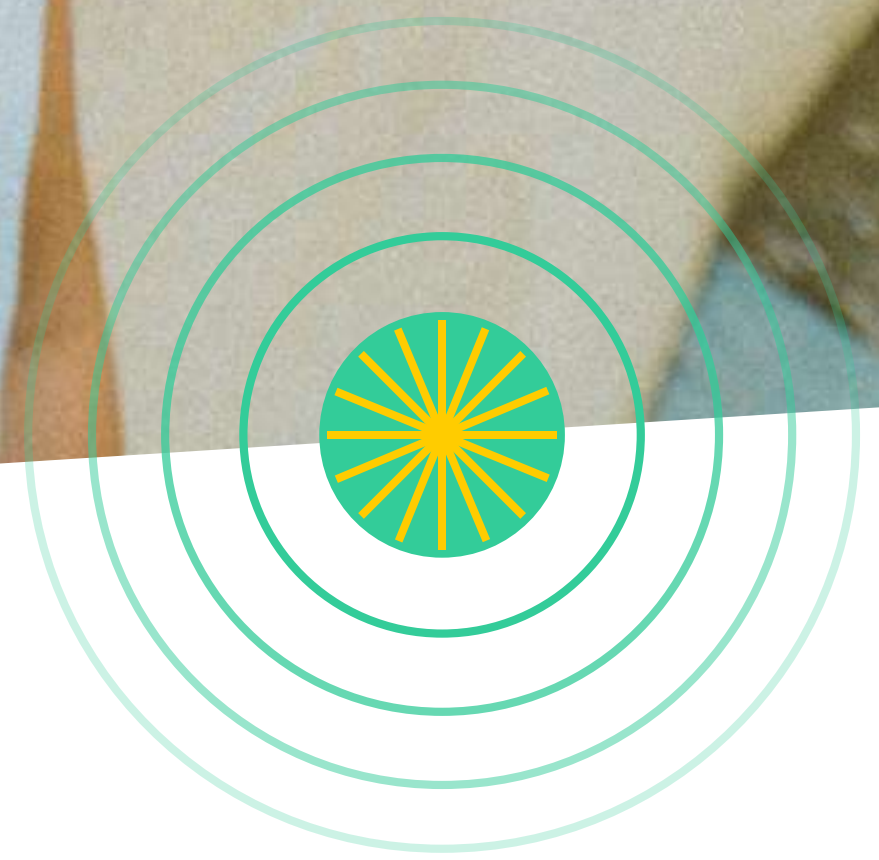

With the deep knowledge of his musical legacy, the musician **Momo Cortés** from Extremadura was chosen by Brian May himself to star in the Spanish version of the musical *We Will Rock You*. In an explosion of strength, power and pure rock the repertoire consists of Queen's greatest hits, as well as some not so well-known British songs.

A Momo concert is a heartfelt tribute to the essence of Queen. A journey from the beginnings of the legendary British group in the 70s, reviving their character, those early days of Glam. The group's influence on hard rock, the psychedelia and personal and particular way of understanding rock, when the leather "chupa" ruled the streets, until reaching the Queen of the 80s.

\*Standing only. Early entry for the first 200 people at €20 and the remaining tickets at €22.

**FRIDAY - 23/08**  
**22.00 h / Calella Lighthouse**  
**€15 and €17**

**ROGER PADRÓS**

***A Contrallum***

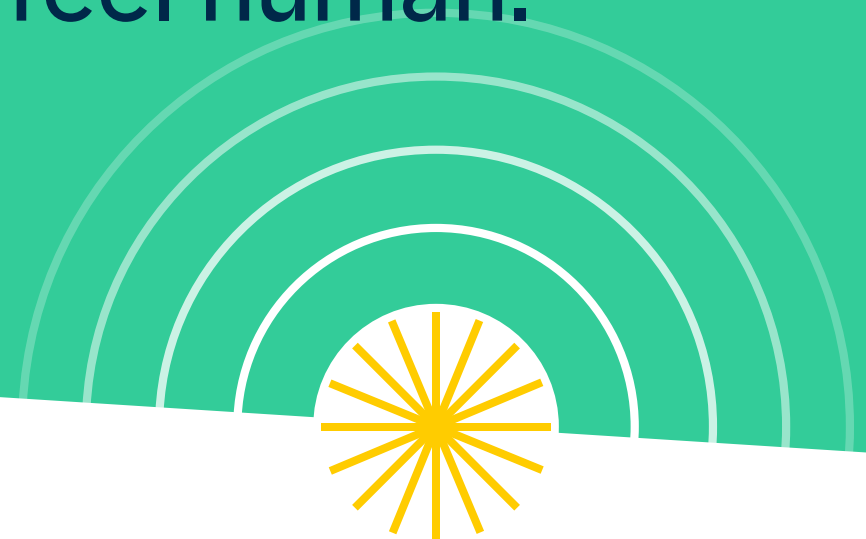

**Roger Padròs** is a singer, composer and pianist. With the publication of his first EP *Mil més*, the opportunity appeared to be part of the seventh edition of La Voz, where after a long journey he reached the finals. Soon came the first album *La vida és millor*, with a great reception from the public. And now he presents his second album *A contrallum*, like an awakening to adulthood, when you start to see the light and dark of the world around you.

A work of personal and musical introspection to capture that what really motivates us is what gets under our skin and moves us. Each song is a photograph of a situation or a feeling. Grief, happiness, friendship, trust, self-esteem, memories or the passage of time are some of the themes that the songs explore.

Roger Padrós strives to take singer-songwriter music to another level, talking about important issues in the social and cultural sphere, through personal, fresh songs and a diversity of styles which offer us a very good live performance.

*A contrallum* is both light and shadow, but above all, it is how we feel human.

**FRIDAY - 30/08**  
**22.00 h / Calella Lighthouse**  
**€20 and €24**
